

ANNAS CAULDRON  
HIGH PRIESTESS

## TO MAKE A WITCHES BOTTLE

This is to protect your home and property. Perform this spell on Saturday when the moon is waxing.

Don't forget that you must make practical actions to compliment all spells. So make sure all your locks are effective as well!!

### You will need;

Small jar or bottle with a stopper

Nails

Red thread

Urine (yours!!)

### Method;

Put all the contents into the jar with enough liquid to cover everything.

If you have a cellar then hide it down there, or if you can bury it in the garden near your front door that would be even better. Wherever you place the bottle it should be hidden out of sight.

Leave in place until you move!
